

Employment for All

SUPPORTED EMPLOYMENT is a person-centered approach to assisting individuals with disabilities to prepare, obtain, and maintain integrated, competitive employment in their community.

A variety of supports are tailored to individual needs. **WITH THE RIGHT MATCH AND THE RIGHT SUPPORT, EVERYONE CAN BE EMPLOYED.**

The customized approach is a process very different than how you, as a parent would have done your job search.

Come out and let's talk about how the doors are beginning to open to Inclusive Hiring.
